JP Nicols: How banks can thrive in an era of digital disruption

13 December 2017

Video feature

At Efma's recent Innovation Summit in Rome, JP Nicols, managing director at FinTech Forge in the USA, told us about the future of banking and what companies must do to thrive in an era of digital disruption.

At Efma's recent Innovation Summit, JP Nicols explained that new banks should not fear insurgence, but learn to partner with it.

Partnering with tech companies is the way to go for China's banking industry, says JP Nicols, a leading bank innovation consultation expert. Photo: HKEJ

Traditional banks waking up to fintech challenge, says JP Nicols

Like 3 people like this. Sign Up to see what your friends like.

Besides providing an engaging and thought-provoking keynote, JP can also be available as an MC, for press briefings, media interviews, VIP roundtables, or executive workshops

Need something a little deeper? JP and his team can go beyond a keynote address to facilitate deeper relevance and connection to your organization's unique situation and goals, and provide global expertise and insight to your board or senior leadership team.

Executive Briefings — 1-4 Hours

Develop a deeper level of understanding of key trends and industry developments. Helps boards and executive teams frame organizational threats and opportunities and set strategic priorities.

Innovation Bootcamp — 1-2 Days

Reframe your organization's thinking and jump start your innovation or digital transformation program. Helps your team address new challenges with new approaches and insights, plus the tools and frameworks to get it all done.

Custom Innovation Program — Custom

Gain the expertise and resources you need to supplement your internal innovation efforts. We provide the structure and framework to help you manage both internal development and external partnerships and investments to help you put ideas into action effectively and efficiently.
